

Whether you are a preservation professional, historic home or building owner, and/or a volunteer historic commission member, this workshop is for you.

The Theory and Technology of Historic Preservation

Day one of this workshop offers an overview of the history and present state of historic preservation in America. Taught by preservation professionals, you will learn about:

- The history of historic preservation in America
- Compliance with federal, state and local laws
- Northwest Architectural Styles

- Washington Heritage Barn Register
- Historic Preservation Standards
- Preservation and downtown revitalization
- Creative mitigation strategies for adverse effects

Stick around for day two and learn even more.

Historic Preservation Technologies in Action

This workshop will teach you about:

- Masonry and Mortar Technologies
- Interior Finishes
- Care and Treatment of Wood Windows

Rounding out the day will be a walking tour of Ritzville's National Historic District with a discussion of character defining features.

LOCATION

109 East First
Historic Downtown Ritzville, WA

REGISTRATION

\$100 per day or \$150 for both days.
!0% discount for Veterans and historic preservation commission members.

Meet Your Instructors

Kevin Palo is a consultant and fabricator of period restoration work. A natural teacher, Palo enjoys instructing both laymen and specialists in the intricacies of architectural millwork and its restoration. Based in Astoria, Oregon, Palo's company, Ten Mile Planing Mill, offers historic rehabilitation, restoration consulting and architectural millwork to an array of public and private clients.

Russell Holter is the Compliance Reviewer and Training Coordinator for the Department of Archaeology and Historic Preservation. Mr. Holter coordinates training with Federal, State, and Local

Agencies. Russell also serves on the board of the Pacific Northwest Field School, Cultural Resource Training, the Department of Natural Resources Training Program, and assists the Washington State Parks and Recreation Commission with their preservation training needs.
