

What is going on at the

# HOTEL LINCOLN

October 5, 2009

Issue No: One

HOTEL LINCOLN  
THE ELECTRIC HOTEL  
301 W. Sherlock  
Harrington, WA  
99134

Did you know...  
The Hotel Lincoln  
was originally opened  
in January 1902?

## \* PROGRESS REPORT \*

**SINCE OUR PRESENTATION  
AT THE LIONS CLUB MAY 6TH,  
2009**

### DECONSTRUCTION

The interior of the hotel is completely deconstructed and we had hoped to be able to allow the public in to see the progress during the Fall Festival. The work we have done is structural in nature and has been more involved than anticipated. An open house for the public will be scheduled for a future date.

### SOUTH LAWN

There is a lot of structural steel going in to correct the building's structural concerns and it is our hope that the steel will be in place within the next month and a half. Once that stage of work is complete, the reconstruction can begin. This project is very involved, and the estimated time of completion is 30-48 months.

### THANK YOU

We appreciate your support, enthusiasm and patience while we work on one of Harrington's historical landmarks.
